

Stephen Ministry Weekly Prayer Request Newsletter – January 25, 2025

Koston Inch (grandson of a friend of Elle Gather) Koston is still hanging in there though the doctors had predicted he would have another heart stoppage at any time. Please continue to pray that this young man can make a full recovery. Pray also for comfort for his family.

Bill Underwood – Bill has been diagnosed with aggressive prostate cancer. He has an appointment with an oncologist next Tuesday to make a plan of action to treat the cancer. Please pray for complete healing of the cancer and for peace and comfort for Bill and Esther.

Kelli Pavelko – Kelli is doing okay but a little depressed about not having a job. Cheryl is going to try to find her a place to volunteer until she gets a paying job. Cheryl thinks that would help get her out of the house and meet people as well as gain new skills. Please pray this can happen.

LaDonna Matthews – Please continue to pray for peace and comfort for LaDonna after she has been placed on hospice.

Billy Joe Watson (Friend of Wayne Barnes) – Billy Joe has still not had the back surgery he was scheduled for this week. Please pray that the surgery will take place soon for Billy Joe.

Melissa (neighbor of Bob Kanary) Please continue to pray for Melissa as she struggles with cancer.

Beverly Clark – (unable to reach Beverly this week) – Please continue to pray for her medical issues as well as for her emotional and financial issues.

Barbara Hill – Barbara's chemo went well this week. She is exhausted from the infusion from bone marrow, but that should be better in a couple of days. Thanks to everyone who has been praying for her. She hopes to be in church on Sunday.

Sara Miller – Continued prayers for Sara to have complete recovery of her leg and relief of pain. Her eye is healing nicely and swelling should be down and she can be fitted for glasses in about three weeks.

Michelle (Co-Worker of Sara Votaw) – Michelle continues to stay strong and continues to fight her cancer. Please pray she will have complete recovery.

Evelyn Moore – Evelyn's two procedures are scheduled for next week on the 30th. Please pray that tests will tell the doctor what is going on with her hemoglobin levels. Prayer that the pain will stay controlled.

Jan Greve – Thanks for all the prayers that everyone has prayed for Jan. She has felt completely covered by the love of God and is feeling stronger every day.

Dennis Bratcher – Dennis is slowly improving again. Please continue to pray for him.

Lief Hill (son of a friend of Wayne Barnes) – Lief continues to show signs of rejection of the stem cell transplant. Please continue to pray for Lief as he completes his stem cell treatment at the end of this month. Pray that the treatment is successful, and his body will accept the transplant.

Fred Dalton – Please pray for Fred to have little pain until he can have the surgery that will hopefully mitigate it.

Winn Lusk – Winn's pain and muscle fatigue are worsening. Praise that his new medication is helping his mood. Please continue to pray for a neurological appointment.

Ginger Fenton (daughter of Jeff and Dianna Davidson) – Ginger received her first chemo treatment this week. She had a day or two of fatigue but is doing better now. Please continue to pray that her side effects will be few and for complete healing of her cancer.

Dianna Davidson – Dianna had a good week with her dialysis. Please continue to pray for her emotional health also as the several-times-a-week schedule for dialysis can make her exhausted.

Judy McMinn – Judy has started her OT and PT, but she has not shown much improvement so far. Please continue to pray that she will have the strength to persevere through the exercises.

Cheryl Andrews – Please pray for a meeting to be scheduled for Cheryl and plans can be made for PT so that Cheryl will improve in movement and her mood will improve.

Tiffany Montesano – Tiffany is still having a good day followed by several bad days where she suffers with the painful side effects of pancreatitis. Please continue to pray for her.
