

Fogleman Update

So Much to be Thankful for

What a journey this year has been. I know we still have a month or so left in the year but I cannot help but think back on this past year and be filled with gratitude. There were so many unknowns for us at the beginning of the year and as always God walked with us through all the ups and downs and in between.

A few things that stand out are with the community of friends God has given us here, how easy it has been for us to settle in Tirana, our incredible teammates, and the fact that almost all of Mark's family has come to visit us this year! There is something about family visiting that makes a place feel more like home. Mark's mom was our last visitor and she was able to stay for a week at the end of Sept/beginning of October. It was such a gift to have her here.

We are also loving our time following Jesus here. He is teaching us new ways of loving our neighbors more and more. The more we follow Jesus, the more we learn how relational He was/is. Before moving to Albania, we thought it would take years to build relationships with locals but thankfully and to our surprise, our Sunday night fellowship (we meet every other week) has been a sweet time to get to know our Albanian friends more.

Please join us in praying for the families that come on Sunday evenings. Pray our team that we can love these families well and be there for them however it is needed.

Fall Fun with Friends!

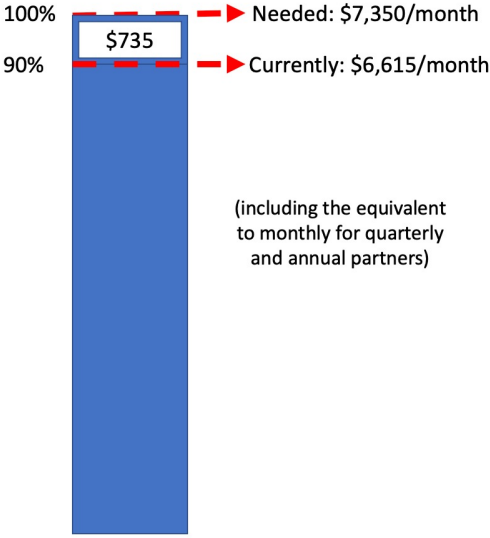

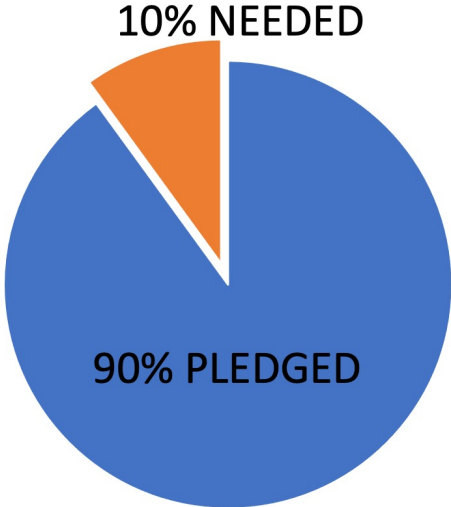

We got invited to join some friends for a little Fall fun. The kids dressed up, painted pumpkins, played games with friends, roasted hotdogs and marshmallows, and we all had a great time sitting by a bonfire. God has really given us and the kids a great community here. It really is a blessing for them to have friends who are also TCKs (Third Culture Kids).

Thank you all for the kind and encouraging words about the Albania Virtual Experience! It was a labor of love and we are so thankful it helped you learn more about the place we call home.

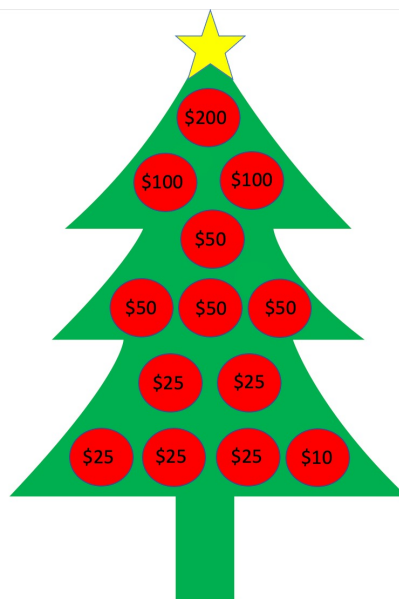

If you missed it, the email was send out mid-October. If you have trouble finding it in your own email and you would like to check it out, please email us and we will send it to you.

Recurring Pledges

support to flow up and down but this time, we are needing to do some fundraising. We are trying our best to not need a trip back to the U.S. for fundraising until next summer so we felt we needed to reach out to you all, our amazing partners.

For our budget with TMS Global (which includes our personal income, ministry expenses, health insurance, admin fees, etc), we are supposed to have 100% of the recurring pledges coming in on a regular bases and have 2 months of the monthly support in the account at all times in case of emergency. Including the equivalent to monthly support for our current quarterly and annual partners, we are averaging around 90% of our budget each month coming in and we are currently maintaining around 70% of our 2 months of account balance.

Giving Tuesday is in two weeks! Will you pray with us that God will provide? Do you know a friend, small group, or church who might be interested in joining our financial partner team? Would you be willing to pray about upping your own monthly giving for one year-2023? This will help get us to next summer where we can reach out to others in person.

Above is a tree showing a breakdown of the regular and recurring monthly pledges that people can join on with to help us reach our TMS annual budget. Please let us know if you have any questions.

We are so thankful for each of you and your love and encouragement over the years. We feel all your prayers and are so glad we get to serve our King with

The Fogleman Tribe,
Mark, Kenzi, Emma, William, and Matthew
